

Exhibit 7

I Libera Rizzelli am of sound mind will testify that I have known Annette Villeneuve for the last fifteen years. I have spoken to her and she said that Jimmy Pazzanese Sr. is to be the executive of her Will. She has also stated that her son Eugene J. Villeneuve was not to be moved out of the house after her passing. I know that she has kept everything in order prior to her passing. I can also testify that the grandchildren were never around to see her or there father up to a couple of months prior to her passing away. She has shown me where she had kept the paper work for her Attorney in the kitchen. She has told me how she paid to get Jimmy Pazzanese out of jail in order to make sure there was someone to take care of what was needed to deal with. She has stated to me how she did not want any of Eugene's kids to get anything. She has spoken of Eugene's daughter Pam and how she felt she should not get anything due to the fact of the way she has treated her over the years and how she has called her a whore and other names. She wanted to keep the houses in the Pazzanese name and not to be sold for any reason. Annette has kept all bills for the houses in order on the side of the fridge. Also she had hid a lot of money around the house due to the fact that she did not trust the family. She has told me that her Attorney is out of Northboro MA., and that her will was up to date and that nothing was to be changed. I believe she stated that my Daughter in-law worked there.
